Esker Receives 2014 Cloud Computing Excellence Award

Esker's cloud-based service, Esker on Demand, honored for its innovation

Madison, WI — July 14, 2014 — Esker, a worldwide leader in document process automation solutions, announced today that TMC, a global, integrated media company, has named Esker on Demand as a 2014 Cloud Computing Excellence Award winner.

The Cloud Computing Excellence Award, presented by Cloud Computing magazine, recognizes companies that have most effectively leveraged cloud computing in their efforts to bring new, differentiated offerings to market.

"Receiving this prestigious award is a great honor for our organization, and helps confirm our continued investment and development in the dynamic market of cloud-based document process automation," said Steve Smith, U.S. Chief Operating Officer at Esker. "As our preeminent product offering, it's rewarding to see Esker on Demand be recognized for its achievements both nationally and globally."

Esker on Demand is a cloud-based document process and information exchange service that enables companies to automate the reception, processing and sending of purchase requisitions, sales orders, vendor and customer invoices, collection letters and sales and marketing communication directly from their business applications (e.g., ERPs, CRMs, etc.) by leveraging a suite of cloud-based automation solutions, including: Purchasing, Accounts Payable, Order Processing and Accounts Receivable.

"Recognizing leaders in the advancement of cloud computing, TMC is proud to announce Esker on Demand as a recipient of the Fourth Annual Cloud Computing Excellence Award," said Rich Tehrani, CEO, TMC. "Esker is being honored for their achievement in bringing innovation and excellence to the market, while leveraging the latest technology trends."

The results of the 2014 Cloud Computing Excellence Award were announced via press release and will be published in Cloud Computing magazine.
