

POW! Esker Brings Action-Packed Automation in One Platform to the 2012 SAPPHIRE[®] NOW and ASUG Annual Conference

Madison, Wis. and Orlando, Fla. – May 14, 2012 – [Esker](#), a global leader in [document process automation solutions](#) and [SAP[®]](#) software solution and technology partner, today announced its participation as a diamond-level exhibitor at the 2012 [SAPPHIRE NOW and ASUG Annual Conference](#), being held May 14-16 at the Orange County Convention Center in Orlando, Fla.

Presenting at booth 1615, Esker will spotlight how a company's automation efforts throughout multiple business processes — from [accounts payable](#) invoice processing and [accounts receivable](#) invoice delivery to [order processing](#) and [postal mail](#) — can all be unified with one streamlined, integrated platform.

Comic book theme

True to the intrigue and innovation of its automated solutions, the Esker booth promises to stand out with its vintage comic book theme. Conference attendees will recognize the booth by its colorful “pop-art” style and *Paperless Power in One Platform* message.

“It’s always a vibrant atmosphere because there are so many transformative solutions being presented,” said Steve Smith, U.S. chief operating officer at Esker. “With the ability to automate any manual process with one platform – integrated with SAP solutions – we really feel like our [best-of-suite solution](#) is a game-changer, and wanted to express that in a fun and original way. It’s all about getting the most out of your automated solution, and this theme perfectly encapsulates just how much the Esker solution can do and how far it can take them.”

Speaking session

On Monday, May 14, from 3-5 p.m. at booth 1615, Emmanuel Olivier, Worldwide chief operating officer at Esker, will present a comprehensive partner track session entitled: *Better Order Management: A Path to OTC Excellence and Competitiveness*.

The presentation will outline specific ways that businesses can improve management of their orders, stay competitive in the ever-evolving marketplace, and facilitate growing order volumes without increasing staff headcount. The discussion will also explore the value of leveraging one platform, integrated with SAP solutions, to automate sales orders to improve the [order-to-cash cycle](#) and reduce costs.

(continued)

Along with learning opportunities from industry thought leaders, attendees visiting the Esker booth can also request informational white papers, dig into case studies of customers utilizing the Esker solution, and pick up a variety of comic-themed accessories including t-shirts, candy, headbands and more, made especially for the SAP professionals and conference participants.

About Esker
