

Neopost and Esker Finalize Joint Venture

The agreement allows the two partners to market Esker's cloud-based automation solutions to SMEs/SMIs via Neopost's worldwide network

Paris, France and Madison, WI — July 31, 2015 — Neopost, the number two worldwide supplier of mail solutions and a significant player in the fields of communication and shipping solutions, and [Esker](#), a worldwide leader in [cloud-based document process automation solutions](#), today announced the finalization of their joint venture to market cloud-based solutions to SME/SMI clients worldwide, which allow for on-demand mail distribution and the automation of supplier invoices and customer invoices.

The creation of this joint venture, owned 70% by Neopost and 30% by Esker, follows the signature of a memorandum of understanding announced on March 31, 2015.

Neopost and Esker confirm that the software as a service (SaaS) solutions, based on Esker's cloud platform, will be marketed by the Neopost network under the Neopost brand. As announced at the end of March, the initial priorities will be France, to follow up on the success of the Neotouch pilot hybrid mail solution, and the United States, where the two partners already enjoy strong market positions.

About Neopost
