Esker Signs American Dairy Queen Corporation to Its Accounts Payable Solution for Workflow Automation

QSR leader takes strategic step in digital transformation journey with Esker

LYON, France, and MIDDLETON, Wis. — March 5, 2024 — [Esker](#), a [global cloud platform](#) and leader in [AI-driven process automation](#) solutions for Finance, Procurement and Customer Service functions, today announced that American Dairy Queen Corporation (ADQ), a leader in the quick-service restaurant (QSR) industry, has selected Esker Accounts Payable to power its digital transformation journey from a manual to an automated workflow.

After recognizing the challenges posed by all-manual processes, ADQ sought a solution to automate its accounts payable workflow. The company turned to Esker for its intuitive interface and ease of use to efficiently streamline processes and set itself up for future scalable growth.

ADQ was particularly drawn to Esker's commitment to customer satisfaction and the expertise of its dedicated team. The decision to contract with Esker was solidified by the positive feedback received from Esker's previous clients, highlighting the company's excellent reputation in the industry.

"Embracing the profound impact of digital transformation, American Dairy Queen Corporation exemplifies a forward-thinking approach that not only strengthens their organizational capabilities but also sets an example for other QSR industry leaders," said Steve Smith, U.S. Chief Operating Officer at Esker. "We are thrilled to be a part of their digital journey, believing that their commitment to innovation will pave the way for continued growth and success."

About International Dairy Queen, Inc.
