

# ATR Successfully Moves to E-Invoicing with Esker

**MIDDLETON, Wis. — July 23, 2019** — Esker, a worldwide leader in AI-driven [process automation solutions](#) and pioneer in [cloud computing](#), today announced that [ATR](#), the world leader in the regional aviation market, has chosen Esker to automate its accounts receivable process in France. Esker's [Accounts Receivable](#) solution has enabled ATR to automate the delivery of 70,000 customer invoices annually and significantly improve its DSO and customer satisfaction.

With an increasing number of ATR customers wanting to receive their invoices electronically, Esker was able to offer 100 percent automated invoice and reminder letter delivery — of which, 80 percent are sent via email and 20 percent via Esker's portal.

Seamlessly integrated with ATR's SAP® system, Esker has enabled ATR to achieve:

- Faster processing times
- Decreased costs related to invoicing (e.g., postage, consumables, equipment, etc.)
- Decreased unpaid bills and lowered DSO thanks to faster sending of reminder letters
- Standardized management processes between the different subsidiaries and headquarters (ATR's six-person team is located in three billing centers in Toulouse, Singapore and Miami)
- Compliance with e-invoicing and archiving regulations
- Improved invoice sending traceability, facilitating collections and dispute resolution
- Improved visibility over team performance and workload thanks to dashboards displaying metrics
- Enhanced customer satisfaction thanks to invoices being sent when they are ready and in a customer-preferred format
