

Press Release

Esker and Helixr Announce a Partnership to Help Organisations Drive Finance Transformations Globally

Derby, UK — September 27, 2023 — [Esker](#), a [global cloud platform](#) and leader in [AI-driven process automation solutions](#) for Finance, Procurement and Customer Service functions, today announced a strategic partnership with Helixr to transform [Source-to-Pay](#) and Lead to Cash processes for sophisticated organisations around the globe.

This new partnership will provide industry-leading software and implementation expertise while driving efficiency within finance teams.

“The symbiotic partnership benefits mutually Helixr, as the trusted partner in providing the finance and tax solutions for the Life Sciences industry sector, and Esker, as the product specialist. The synergies of this partnership are huge, bringing significant benefits to our clients.”

Phani Sabnivisu, Executive Director for Finance and Tax Technologies, Helixr

“We are thrilled to announce our partnership with Helixr to further our presence in the Source-to-Pay arena. Each Esker partner undergoes rigorous training to ensure full compliance. We believe that a strategic partnership with Helixr is ideal for the evolving needs of our customers on a global scale, and together we will provide our shared customers with an integrated platform that eliminates inefficiencies.”

Alistair Nicholas, Managing Director, Esker Northern Europe

About Helixr

Helixr is a business consulting firm passionate about shaping the Life Sciences landscape. Engaging with Pharma and Consumer Healthcare clients, we offer services across business restructuring, Finance and Tax Technologies and ERP programs, including end-to-end project management solutions. Helixr's holistic approach connects people, processes, and technologies, driving sustained improvements and

efficiencies whilst ensuring compliance with regulatory requirements. Helixr has roots in delivering complex ERP-enabled initiatives with a focus on both technical execution and adding value through delivery management, business process consulting, and change adoption services.

Our specialist Finance and Tax Technology practice achieves compliance and meets organisational goals by re-engineering and digitalising processes. We partner closely with specialists to interpret the requirements across multiple regions and successfully deliver end-to-end Finance and Tax solutions in the most complex regimes across the globe.
